

FAST PASS

If an earlier appointment opens up, claim the spot to be seen faster.

Fast Pass notifies you if an earlier appointment becomes available. Claim the appointment through the MyChart app or by responding to a text message. You may also decline the offer to keep your original appointment.

You must accept the Fast Pass appointment within the time frame given by following the prompts in the message. If you do not accept within that time frame, the appointment is offered to another patient.

Please Note: Visits are dependent upon provider preference and insurance requirements, and not all visits are available for Fast Pass.

For questions about Phelps Health MyChart, email mychart@phelpshealth.org or call (573) 458-7550.
