

THE 2021 SPECIAL ENROLLMENT PERIOD (SEP) FOR THE HEALTH INSURANCE MARKETPLACE HAS BEEN EXTENDED UNTIL **AUGUST 15.**

The American Rescue Plan has provided a Special Enrollment Period (SEP) until August 15, 2021 for individuals and families to enroll in Affordable Care Act (ACA) health insurance coverage via the Health Insurance Marketplace.

People who are currently enrolled in an ACA health insurance plan are encouraged to update their application to receive the lower premiums they're now eligible for. Current enrollees also have the option to switch plans.

Our Phelps Health EnrollU team can help you and your family update your application, switch plans, or get you started with the coverage you need. If your application is complete by the last day of the month, your coverage can start as soon as the first day of the next month.

**The American Rescue Plan is a new law to address the COVID-19 public health and economic crisis. It establishes a Special Enrollment Period for new enrollments, dramatically reduces premiums for people through additional premium tax credits (PTCs), expands eligibility for PTCs to higher-income people, and gives many people receiving unemployment benefits access to plans with \$0 premiums and allows current enrollees to make changes to their application and plans.*

You do not have to be a Phelps Health patient to receive assistance with EnrollU. Our services are offered free to the community.
