

FREE COVID-19 AND ANTIBODY DRIVE-THROUGH TESTING IN SALEM

Phelps Health is pleased to offer free drive-through antibody testing in addition to testing individuals for COVID-19 this Saturday, June 20, in Salem, MO. Both types of testing will be available to residents in Dent County and surrounding areas.

JUNE 20, 2020 8:00 AM - 8:00 PM

PHELPS HEALTH MEDICAL GROUP - SALEM
1415 WEST SCENIC RIVERS BOULEVARD | SALEM, MO

*Pre-register online at <https://health.mo.gov/communitytest>
or call (877) 735-8411 for help with registration.*

- Phelps Health will test individuals to see if they currently have COVID-19. This type of test involves a swab to take a sample from inside the nose.
- Additionally, SARS-CoV-2 serology antibody testing, which involves taking a blood sample from a person and identifies possible past infection with the COVID-19 virus, will be available for ages 12 and up.
- Having symptoms of COVID-19 is not required for people interested in being tested. Individuals who have previously been tested for COVID-19 can sign up to receive antibody testing.

Please note: Due to patient privacy concerns, no videos or photos will be allowed at this testing site. This includes media, patients, volunteers and staff.
